TCRCD Office Conference Room 5:30PM 20 Horseshoe Lane, Suite 2B Weaverville, CA

Board of Directors Meeting

Agenda

January 18, 2023

IMPORTANT NOTICE REGARDING COVID-19 AND TELECONFERENCE MEETINGS:

Based on the requirements of the Trinity County Public Health Officer to conduct social distancing and the guidelines from the CDC, to minimize the spread of the coronavirus, please note the following changes to the District's ordinary meeting procedures:

- The District offices will be closed to the public at this time.
- The meetings will be conducted via teleconferencing using Zoom. (See Executive Order 29-02)
- All members of the public seeking to observe and/or to address the local legislative body may participate in the meeting telephonically or otherwise electronically in the manner described below.

HOW TO OBSERVE THE MEETING:

Telephone: Listen to the meeting live by calling Zoom at +16699009128, Enter the **Meeting ID** 863 5024 5406 followed by the pound (#) key. More phone numbers can be found on Zoom's website at <u>https://zoom.us/u/abb4GNs5xM</u> if the line is busy.

Computer: Watch the live streaming of the meeting from a computer by navigating to <u>https://us02web.zoom.us/j/86350245406</u>

with internet access that meets Zoom's system requirements (see <u>https://zoom.us/hc/en-us/articles/20136023-System-</u> <u>Requirements-for-PC-Mac-and-Linux</u>)

Mobile: Log in through Zoom mobile app on a smartphone and enter Meeting ID 863 5024 5406

HOW TO SUBMIT PUBLIC COMMENT:

Written/Read Aloud: Please email your comments to the District's Board Clerk at rwolfinbarger@tcrcd.net, and write "Public Comment" in the subject line. In the body of the email, include the agenda item number and title, as well as your comments. If you would like your comment to be read aloud at the meeting (not to exceed three minutes at staff's cadence), prominently write "Read Aloud at Meeting" at the top of the email. All comments received before 4:00 PM on the day of the meeting will be included as an agenda supplement on the District's website under the relevant meeting date and provided to the Directors at the meeting. Comments received after this time will be added to the record after the meeting.

Board of Directors Meeting

TCRCD Office Conference Room

MINUTES

REGULAR BOARD MEETING

December 14, 2022 * 5:30 PM

Board Members Present: (In Person), Mike Rourke, Mary Ellen Grigsby, Kent Collard, and John Ritz (Zoom/Call-in): Josh Brown Board Members Absent: None Associate Board Members Present: None District Staff: Kelly Sheen, Chris Cole, Dave Johnson, and Rebekah Wolfinbarger Other District Staff: (Attended through Zoom) Jessica Tye Other Agency Staff: (Attended through Zoom) Erin Taylor Guests: None

1.0 Call to Order: Meeting called to order at 5:32 PM, by Mike Rourke.

2.0 Swear in new Board Members Mary Ellen Grigsby and John Ritz

New Directors John Ritz and Mary Ellen Grigsby took their Oaths of Office.

3.0 Discuss and Approve Agenda

MSC –Collard/Grigsby to approve the Agenda.

Roll Call Vote: Rourke, Aye; Grigsby, Aye; Collard, Aye; Ritz, Aye; Brown, Aye Ayes: 5, Noes: 0, Absent: 0, Abstain: 0

4.0 Discuss and Approve Meeting Minutes

3.1 Discuss and Approve Minutes for November 16, 2022 Regular Meeting

MSC -Collard/Rourke to approve Minutes from November 16, 2022 Regular Meeting.

Roll Call Vote: Rourke, Aye; Grigsby, Aye; Collard, Aye; Ritz, Aye; Brown, Aye Ayes: 5, Noes: 0, Absent: 0, Abstain: 0

5.0 Forest Health Program Presentation by Chris Cole

Chris Cole Program Manager of the Forest Health department gave a presentation about his department. He provided maps of all the projects his department had worked on throughout the year and described each project in detail.

6.0 Projects Report

Director Grigsby requested a copy of the Annual Operating Plan for the Weaverville Community Forest. She commented that Science on Tap is overcrowded at the brewery. Sheen said as it gets closer to summer they will be able to expand outside. It is best to show up early to make sure you get a good seat. Director Ritz suggested putting a map in the Journal at the end of the year so the community can see how much work is done. Sheen liked the idea and Grigsby suggested they could also submit Conservation Almanac articles to the Journal on a monthly basis.

7.0 NRCS Report

Erin Taylor reported Friday would be her last day on detail. On Monday Jason Linderman will be replacing her. His detail will last 120 days or until filled. The Joint Chief's Projects have not been announced. She is hoping for an announcement sometime in January. The MOU for office space and vehicle use is still in draft. Sheen will let Grigsby and Brown know when that is available.

8.0 Trinity Collaborative Report

Sheen reported that Erik Knap presented at the November meeting. He presented on the different types of fire and treatments. The next field tour is on Browns Phase I and III. If there is too much snow they will look at Big Ranch instead. The next meeting will be on January 20^{th.} Pat Frost will no longer be the facilitator. Sheen is actively searching for a new one but has not had confirmation yet. He will post the video of Erik Knapp's presentation on YouTube and put it on the Collaborative web page.

9.0 Review and Adoption of Policy 4220 Minutes of Board Meetings

Sheen wanted to clean up the language and to clarify the roles of the clerk and secretary of the board.

MSC -Grigsby/Collard to Adopt changes to Policy 4220 Minutes of Board Meetings.

Roll Call Vote: Rourke, Aye; Grigsby, Aye; Collard, Aye; Ritz, Aye; Brown, Aye Ayes: 5, Noes: 0, Absent: 0, Abstain: 0

10.0 Review and Take Adoption of Policy 4235 Types of Board Meetings

Sheen stated he wanted to clean up the language and clarify the roles of the Clerk and Secretary.

MSC – Brown/Harris to Approve the payment of \$8186 for Regular Membership of the CSDA for the 2023 year.

Roll Call Vote: Rourke, Aye; Grigsby, Aye; Collard, Aye; Ritz, Aye; Brown, Aye Ayes: 5, Noes: 0, Absent: 0, Abstain: 0

11.0 Discuss and Take Action on the Election of Board Officers

MSC – Grigsby/Ritz for the election of Rourke as Board Chair; Collard as Vice Chair; and Brown as Secretary for the year 2023 until the next December Organizational Meeting.

Roll Call Vote: Rourke, Aye; Grigsby, Aye; Collard, Aye; Ritz, Aye; Brown, Aye Ayes: 5, Noes: 0, Absent: 0, Abstain: 0

12.0 Discuss and Take Action on the District Financial and Personnel Committees

They proposed a Policy change/revision to only form these committees as needed. Sheen will revise the policy and bring it back to the next meeting for approval. There was no vote or election at this time.

13.0 Public Comment

There were no public comments.

14.0 Board Reports and Correspondence

Director Collard attended the CARCD Conference. It was great, he went with Annyssa and Miles. The CARCD is a 501(c)(3) they have a range of organizations that promote conservation and will help support funding. He represented the District at the Business Meeting.

Director Brown attended the RCD Christmas Party. It was a lot of fun.

15.0 District Manager's Report

Sheen said he is working on an MOU with the Watershed Center. It will define roles in land management. He will draft it and bring it to the board for review.

The 2nd Quarter Budget Revision will be presented at the January Meeting. He had a meeting with Jill Cox and Letty Garza from the County. He is still hopeful they will receive some of the ARPA funding.

The DOC has a request for proposals due in January. He will apply for funding through the capacity-building funding they are offering. Awards will be in March. This fits the timeline for the Strategic Plan Update that is planned.

16.0 Closed Session: Government Code § 54957(b): District Manager Report

No closed session.

17.0 Adjourn

Adjourned at 9:02 PM

Approved and adopted the day of January 18, 2023, I, the undersigned, hereby certify that the Minutes December 14, 2022 was duly adopted by the following vote of the Board of Directors.

(Secretary Signature)

Trinity County Resource Conservation District Statement of Revenues and Expenditures - Income Statement - Board Meeting From 10/1/2022 Through 10/31/2022

Agenda Item 6.0

PROJECTS REPORT

January 18, 2023

6.1 Grass Valley Creek

No updates at this time

6.2 Weaverville Community Forest – Amelia Fleitz/Chris Cole

• To celebrate the Holiday Season, the Trinity County Resource Conservation District (TCRCD) dressed up four white firs harvested from the Weaverville Community Forest (WCF). The trees feature ornaments decorated by Trinity County residents from the December Art Walk event held at Trinity Arts and Crafts Supply. The trees celebrate the history, community management, and continued stewardship of the Weaverville Community Forest for over 20 years. Stop by and feel the holiday cheer! The trees are hosted by the Highland Arts Center (in the Meadow), The Watershed Research and Training Center (Weaverville) office, and the TCRCD office. The trees are one of the many ways that the community can utilize and enjoy the resources of the WCF. If you are interested in obtaining a permit for your small business or other projects, events, or opportunities utilizing the resources in the WFC, contact the TCRCD.

6.3 Watershed Coordination – Amelia Fleitz

• <u>General Update</u>: Winter was a quite month. We are having delays with Daniel Rooplal's visa application, it looks like we need to go through a March 2023 registration period. We will proceed with that next step, but in the meantime, we will work to hire another conservation planner. Jacob and Jessica have both received their lincpass access and Jacob has received his computer from NRCS. Jacob submitted a proposal to the CARCD Block Grant for Sustainable Cannabis Pilot Studies, we will look to study both landscape health through pollinator diversity and water use on local certified farms.

- <u>Trinity Lake Headwaters Assessment and Watershed Council Coordination (464 3300300)</u>: <u>DOC</u>: Amelia reviewed the drafted Beaver Dam Analogue Report compiled by Annyssa from Nicole's Work, and Annyssa is finalizing the edits.
- <u>NACD Technical Assistance Funding</u>: Jacob and Jessica continue to work with NRCS on their trainings and access certificates. Kenneth Baldwin has worked on a few post fire EQIP projects recently, and will be working to get additional landowners prepared with fire management plans.
- <u>Travis Ranch Riparian Element</u> Annyssa developed a blackberry management plan and is beginning the species descriptions for the riparian elements.
- <u>Tehama County RCD NRCS Funding</u>: We have contracted the remaining funds \$2,500 to Mark Lancaster for Coffee Creek post-fire project planning.

6.4 Weaver Basin Wetlands

• No report.

6.5 Project Coordinator's Report – Cynthia Tarwater

- ROADS Shasta-Trinity and Six Rivers National Forest (USFS) / BLM / Private
 - ◊ Shasta-Trinity N.F. Waiting to hear back on several agreements, status unknown.
 - Six Rivers N.F. We have been requested to assist with a road maintenance/hazard tree removal project, this is in the very early stages of discussion; we are also waiting to hear back on a modification to add the Lightning BAER road rehab work to another BAER agreement already in house.
 - BLM This agreement for Grass Valley Creek projects expires on December 31 and we will start working towards final reporting.
 - Marla and I participated in a Zoom administrative meeting with our G22 Ca OHV grant manager, Jessica Terry, in early December, that grant funding is active as of 1/1/23 for the decommission of 2 roads. I also will be participating with the online Ca OHV Division Workshop on January 9th and 10th for the G23 Grant season in case we decide to apply.
 - End-of-the-season reports, budget amendments, and invoicing with the help of the dedicated office staff.

6.6 Grants Report – Marla Walters

<u>New Grants:</u>

- The McConnell Foundation
 Project Name: Trinity Hazard Mitigation Phase I Amount: \$351,915.00 (C. Cole)
- The McConnell Foundation
 Project Name: Trinity Hazard Mitigation Ph II
 Amount: \$2,703,500.00 (Manager: C. Cole)
- OHV Project Name: Ground Operations - Roads Restoration 2022 Amount: \$148,479.00 (C. Tarwater)
- US Forest Service STNF
 Project Name: RAC Weaverville Community Forest Stewardship
 Amount: \$62,685.92 (Manager: A. Fleitz
- Humboldt Area Foundation (via FOTCRCD) Project Name: Title III Community Wildfire Mitigation & Education Program Manager: Amelia Fleitz Amount: \$2,648.00 (Manager: A. Fleitz)

6.7 Revegetation Projects – Kaety Howard & Annie Barbeau

- <u>Caltrans Slate Creek:</u> This project expired on 12/31/2022. Vigor monitoring completed within the last year of the project indicated a combined 97% (99% for riparian and 94% for upland) success rate across both sites of the project. These percentages exceeded the minimum requirements of 70% success for riparian plantings and 50% success for upland plantings. A progress report and invoice for November were assembled and submitted to agency contacts. The final annual report was submitted in the last week of December. The final invoice will be sent in January, concluding all work on this project.
- <u>Caltrans Collins Bar</u>: A progress report and invoice for November were assembled and submitted to agency contacts. Nothing else to report during this period.
- <u>Caltrans Hayfork Grade Culverts:</u> During the winter, this agreement supports native plant propagation efforts. Off-site work includes the collection and propagation of several woody species by dormant hardwood cuttings. For December, species included *Populus trichocarpa* (black cottonwood), *Paxistima myrsinites* (Oregon boxwood), and *Physocarpus capitatus* (Pacific ninebark). The cuttings are placed in a sterile media in our greenhouse and are then cared for over winter for several months while roots establish. Additionally, several species of seeds were put into cold, moist stratification conditions and will be monitored for germination over the next several months. These species include *Alnus rhombifolia* (white alder), *Cercocarpus betuloides* (mountain mahogany), *Solidago elongata* (western goldenrod), *Ericameria nauseosa* (rubber rabbitbrush), and *Monardella odoratissima* (coyote mint). A progress report and invoice for November were submitted.
- <u>Caltrans Swift Creek Bridge Replacement:</u> The propagation activities described under the Caltrans Hayfork Grade Culverts project were also funded with this agreement. A progress report and invoice for November were submitted.
- <u>Watershed Research and Training Center (WRTC) Riparian Restoration</u>: Nothing new to report during this period.
- <u>Grass Valley Creek Bureau of Land Management Carr Fire Emergency Stabilization &</u> <u>Rehabilitation (BLM)</u>: This agreement expired on 12/31/2022. A progress report was submitted for the month of August-November. Data processing occurred during December. The final report will be completed within 90 days of the expiration date.
- <u>Weaver Basin Trail System Maintenance & Mapping (USFS)</u>: Revegetation Conservation Technicians continued implementing trail work within the Weaver Basin Trail System. District Manager Kelly Sheen manages this project.
- Other:
 - A 525-gallon water trailer was purchased and picked up from the vendor in Santa Rosa, CA. This expense was spread across three of our Caltrans projects. The purchase will allow us to water plantings in multiple locations within a day; this will help expand our crew and grow our Program.
 - \diamond Conservation Technicians were laid off for the season on December 15^{th}.

6.8 Fuels Projects - Chris Cole & Dave Johnson

- <u>Forest Health (FH) Staff News:</u> December 15th was the last day of the season for the crew. All crew members were laid off. We plan on brining one crew back on in January to assist with prescribed fire with our federal partners and implement fuels reduction when possible.
 Management: 3 Crew: 0
- <u>Bureau of Land Management Lewiston Agreement:</u> Communications occurred between FH staff and grantor. No implementation occurred during this period.

- <u>Six Rivers National Forest Agreement:</u> The crew continued clearing fire-damaged roads in the Kettenpom area. Only one week was spent on this project as we became snowed out of our work area. A contract was written and executed to allow the WRTC to also work on this project in an attempt to use all funding prior to grant expiration. We were approved by our grantor to purchase truck tires under this grant and did so.
- <u>Cal Fire Trinity County Hazardous Fuels Reduction Phase II Grant</u>: Work continued to finalize a contract to implement work on Browns Mountain. We plan to put this out to bid. Crews spent some time continuing the work in the Junction City Park area. It was one of the few project areas we had not under snow.
- <u>Browns Phase III:</u> Reporting and invoicing occurred this period.
- <u>Training and continuing education</u>: Two staff members were registered to attend the Forest Vegetation Management Conference. This is a large conference pulling in land managers from throughout the state. Conference will occur in January.
- <u>Cal Fire Forest Health</u>: Communications continue with FH and our partner organizations. We continued planning in the four major project areas. A modification occurred to our unfinished contract. Due to snow contractors will not be able to complete the work on time. We modified the contract to add additional acres and also extended the contract. FH continues to communicate with our BLM and Forest Service partners to plan for the winter season which will include significant amounts of pile burning and broadcast burning depending on the weather. District Crews continued implementation on one unit of BLM land off of Little Browns Creek Road.
- <u>Westside Timber Sale Prep:</u> Invoicing and Reporting occurred.
- <u>Fee for Service</u>: Communications occurred with FH staff and managers at the Gonpa in Junction City. Potential exist for the RCD to implement work on Gonpa grounds but nothing is final.
- <u>The McConnell Foundation (TMF)</u> Public meetings for this project have been scheduled and will occur:

6:30 pm January 9th at the IOOF hall in Trinity Center

6:00 pm January 19th at the Weaverville VFD

6:00 pm January 23rd on Zoom: https://us02web.zoom.us/j/89258542845

Right of entry agreements were developed and mailed to over 400 landowners. A contract was put in place with VESTRA consulting to implement environmental compliance portions of this project.

6.9 Trinity County Fire Safe Council – Amelia Fleitz

- <u>479-2 CALFIRE Fire Prevention</u>
 - ♦ Continuing to collect data for the annual CWPP reports.
 - ♦ As of January 1, 2023 we are beginning the Hazard Mitigation Plan planning.
- <u>480 California Fire Safe Council County Coordinator Grant</u>
 - Meetings completed:
 - (1) Dec 13 6:00 PM Firewise Community Meeting at Weaverville VFD
 - (2) Dec 15 6:00 PM Firewise Community Meeting at Mad River Community Hall
 - (3) Dec 17 5:00 PM Firewise Community Meeting at Hyampom Community Hall
 - Firewise Youth Education: Staff continue teaching the Fire Education Curriculum students at Junction City Elementary School in January. The curriculum consists of four 1-hour lessons covering the natural history of fire in Trinity County, Fire Management, Emergency Preparedness, and Fire Ecology.
 - UCCE Forest Stewardship Workshop Amelia and Chris are supporting UCCE to bring their Forest Stewardship workshop to Trinity County starting in March. Registration is open

now. This program will be followed up with a Post-Fire recovery workshop later this year or early next year.

- <u>485 Title III Community Wildfire Mitigation</u>
 - Rebekah has purchased the new materials for the first aid kits that Jessica inventoried and the fire extinguishers were recertified.
- <u>489 Humboldt County Willow Creek Storm Recovery</u>
 - ♦ No new reporting.

6.10 Young Family Ranch – Amelia Fleitz and Kaety Howard

- Winter maintenance activities included two snow and ice removal on all sidewalks on days in early December while revegetation crews were still available. Technicians also cleaned and locked the playground area, removed leaves from the lawn, burned pruned and dead tree limbs collected over summer, and made at least one trip to the solid waste transfer station to clean up the property before winter. Conservation technician Maryann Perdue took on total cleaning and organization of the shared UCCE/ Young Family Ranch shed nearest the house. This shed houses only materials and tools for property maintenance, and had been left completely untouched for at least 5 years. There is now a usable workspace and bench inside.
- The Moon Lee Ditch sign is slated to be placed once board members give approval of location.

6.11 Geographic Information Systems (GIS) Manager's Report- Denise Wesley

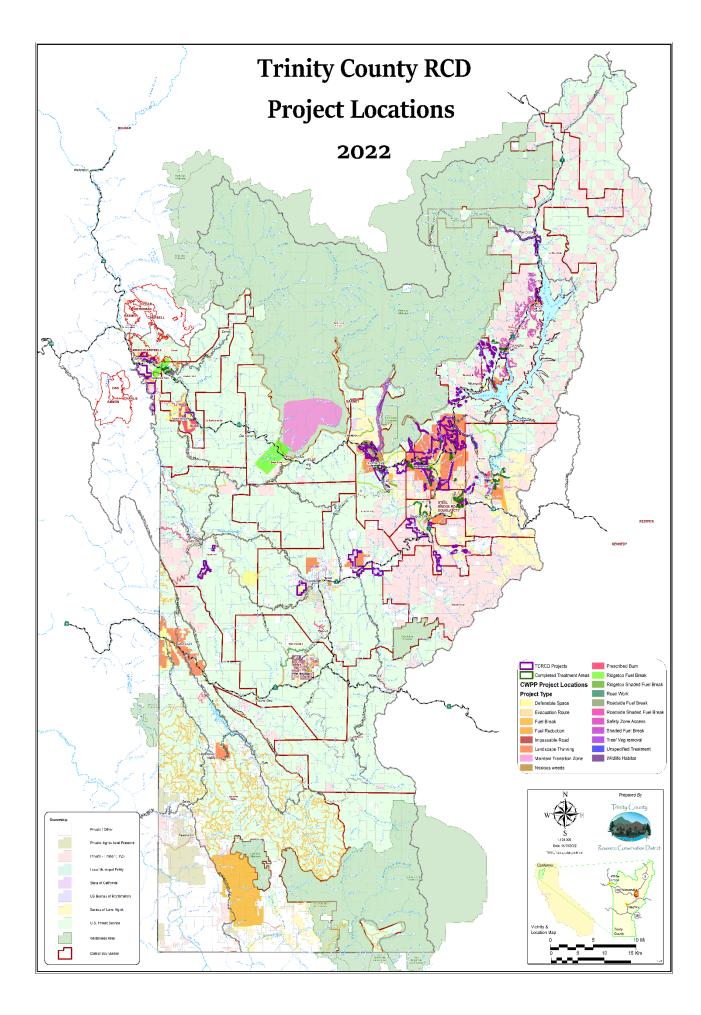

- <u>Trinity County GIS Services:</u> Lot line adjustments and parcel modifications were performed for multiple parcels. land records were updated in December and disseminated to county partners (DOT, Planning & Environmental Health).
- <u>Weaver Basin Trail System (WBTS)</u> The Weaver Basin Trail System segments were updated last month with elevation, and length for both the geodatabase & maps. The cartographic layout for the kiosk maps will be updated next and then the online WBTS application will be updated afterwards. I am seeking alternative vendor quotes currently for bandanas due to sizing limitations from our current
- <u>Fire Safe Council FSC (Community Wildfire Protection Plan CWPP/ Evacuations)</u>:
 All of the CWPP community input data received has been mapped in our GIS, but has not yet been ranked. Several community partners contributed proposed and completed projects data which has been incorporated into the CWPP online viewer. I am working with the Office of Emergency Services (OES) to define primary and secondary routes and have begun an analysis of ingress/ egress roads in the county.
- <u>The McConnell Foundation (TMF) FEMA Hazard Mitigation</u> Maps were created for Phase I of this project to identify potential site limitations, and analysis was used to identify highly erodible soils. I created a series of maps for community meetings. Next I am working on building an online Project Participation Mapping Application for tracking Right of Entry Permits and project status, which will function similarly to the <u>Shasta County</u> <u>Hazard Mitigation Projects Public Viewer</u>.

6.12 Education and Outreach – Amelia Fleitz

- <u>477 Bureau of Reclamation TRRP Outreach & Education:</u>
 - Trinity River Events: The Trinity River Photo Contest and Survey are now receiving submissions. The TRRP will host an open house on February 4th at the Hub and the first Science on Tap presentation is "Rekindling Fire Wisdom" by David Jaramillo.
 - The Trinity County Resource Conservation District (TCRCD) seeks input from Trinity County citizens and visitors to evaluate understanding and opinion of the

Trinity River history, ecology, and restoration efforts. Offer your perspective on the Trinity River by January 31st! All respondents will be entered into a chance to win a limited-edition Trinity River hat designed and hand-printed locally by Amy McComb of Lewiston Stamps. Your feedback is greatly appreciated. To complete the survey, navigate to: <u>https://forms.gle/UarU3uQL7K3FEoKc9</u> or ask for a paper copy.

- The Trinity River Restoration Project (TRRP) will be holding an Open House on February 4th at The Hub (493 Main St.) in Weaverville during the Art Walk from 5:00-8:00 pm. The TRRP Open house will feature the Trinity River Photo Contest, drone footage of salmon spawning in restoration sites, and maps displaying recent restoration projects. TRRP staff will be present to answer questions and discuss the scientific foundations of the restoration of the Trinity River. Stop in to cast your vote for the favorite photo entered into the Trinity River Photo Contest. The 12 photos with the most votes will be featured in a 2024 Trinity River Calendar and people's choice photograph will receive a gift certificate to Trinity Arts & Crafts Supply Co. This contest is made possible with the collaboration of TRRP, Trinity County Resource Conservation District (TCRCD), and the Trinity Arts & Crafts Supply Co.
- <u>District Outreach</u>: The Fall Almanac is now available.
- <u>Social Media Outreach:</u> Staff has continued regular posting on the Trinity River and TCRCD social media accounts, including educational and event postings.
 - **Follow Us:** The District is active on multiple online platforms for different groups.

POLICY TITLE: Duties of the Board Chair POLICY NUMBER: 4110

4110.1 Presiding Officer: The Chair of the Board of Directors shall serve as the presiding officer at all Board meetings.

In the absence or disability of the Chair, the Vice Chair of the Board of Directors shall serve as the presiding officer over all meetings of the Board. If the Chair and Vice Chair of the Board are both absent or disabled, the remaining members present shall select one of themselves to act as temporary presiding officer of the meeting.

The presiding officer shall have the same rights as the other members of the Board in voting, introducing motions, resolutions and ordinances, and any discussion of questions that follow said actions. The presiding officer may move, second, debate, and vote from the chair.

- 4110.2 Duties Regarding Meetings: The Chair shall preside over and conduct all meetings of the Board of Directors, shall carry out the resolution and orders of the Board of Directors, and shall exercise such other powers and perform such other duties as the Board of Directors shall prescribe including, but not limited to, the following:
 - a) Call the meeting to order at the appointed time;
 - b) Announce the business to come before the Board in its proper order;
 - c) Enforce the Board's policies in relation to the order of business and the conduct of meetings;
 - d) Recognize persons who desire to speak, and protect the speaker who has the floor from disturbance or interference;
 - e) Explain what the effect of a motion would be if it is not clear to every member;
 - f) Restrict discussion to the question when a motion is before the Board;
 - g) Rule on parliamentary procedure;
 - h) Put motions to a vote, and state clearly the results of the vote; and
 - i) Preserve order and decorum.
- 4110.3 Responsibilities: Responsibilities of the Chair include, but are not limited to, the following:
 - a) Sign all instruments, act, and carry out stated requirements and the will of the Board;
 - b) Sign the minutes of the Board meeting following their approval;
 - c) Appoint and disband all committees, subject to Board ratification;
 - d) Call such meetings of the Board as he/she may deem necessary, giving notice as prescribed by law;
 - e) Coordinate the preparation of meeting agendas with the District Manager;

- f) Confer with the District Manager or designee on crucial matters which may occur between Board of Directors meetings;
- g) Be responsible for the orderly conduct of all Board meetings
- h) Be the spokesperson for the Board; and
- i) Perform other duties as authorized by the Board.

POLICY TITLE: Duties of the Board Chair POLICY NUMBER: 4100

4100.1 Presiding Officer: The Chair of the Board of Directors shall serve as the presiding officer at all Board meetings.

In the absence or disability of the Chair, the Vice Chair of the Board of Directors shall serve as the presiding officer over all meetings of the Board. If the Chair and Vice Chair of the Board are both absent or disabled, the Secretary shall serve as temporary presiding officer of the meeting.

The presiding officer shall have the same rights as the other members of the Board in voting, introducing motions, resolutions and ordinances, and any discussion of questions that follow said actions. The presiding officer may move, second, debate, and vote from the chair.

- 4100.2 Duties Regarding Meetings: The Chair shall preside over and conduct all meetings of the Board of Directors, shall carry out the resolution and orders of the Board of Directors, and shall exercise such other powers and perform such other duties as the Board of Directors shall prescribe including, but not limited to, the following:
 - a) Call the meeting to order at the appointed time;
 - b) Announce the business to come before the Board in its proper order;
 - c) Enforce the Board's policies in relation to the order of business and the conduct of meetings;
 - d) Recognize persons who desire to speak, and protect the speaker who has the floor from disturbance or interference;
 - e) Explain what the effect of a motion would be if it is not clear to every member;
 - f) Restrict discussion to the question when a motion is before the Board;
 - g) Rule on parliamentary procedure;
 - h) Put motions to a vote, and state clearly the results of the vote; and
 - i) Preserve order and decorum.
- 4100.3 Responsibilities: Responsibilities of the Chair include, but are not limited to, the following:
 - a) Sign all instruments, act, and carry out stated requirements and the will of the Board;
 - b) Appoint and disband all committees, subject to Board ratification;
 - c) Call such meetings of the Board as he/she may deem necessary, giving notice as prescribed by law;
 - d) Coordinate the preparation of meeting agendas with the District Manager;
 - e) Confer with the District Manager or designee on crucial matters which may occur between Board of Directors meetings;

- f) Be responsible for the orderly conduct of all Board meetings
- g) Be the spokesperson for the Board; and
- h) Perform other duties as authorized by the Board.

POLICY TITLE: Board Secretary POLICY NUMBER: 1015

- 1015.1 The position of Secretary of the Board of Directors is required by state law. The Secretary, with assistance from the Board Clerk and District Manager, performs duties including recording of minutes and actions of the Board of Directors and certifying all actions and resolutions of the Board.
- 1015.2 If for any reason the Chairperson and Vice-Chairperson resign or are absent or disabled, the Secretary shall perform the Chairperson's duties until the position of Chairperson is filled.
- 1015.3 If for any reason the Chairperson and Vice-Chairperson disqualify themselves from participating in an agenda item or become partisan in the debate on any such item, the Secretary shall perform the duties of the presiding officer.
- 1015.4 Duties of the Secretary: The Secretary of the Governing Board shall have the following duties:
 - a) Certify or attest to actions taken by the Board when required;
 - b) Sign the minutes of the Board meeting following their approval;
 - c) Sign the documents as directed by the Board on behalf of the Authority, and sign all other items which require the signature of the Secretary;
 - d) Perform any other duties assigned by the Board and the District Manager; and
 - e) Perform any other duties required under law.

1015.5 Responsibilities of the Board Clerk: The duties of the Board Clerk, with assistance of the District Manager, are:

- a) Respond to routine correspondence;
- b) Prepare for Board meetings, including preparing the agenda with the advice of the District Manager and providing public notice of Board meetings in accordance with state law;
- c) Attend all Board meetings and ensure minutes of the Board of Directors meetings are recorded. These recordings are for use by the Secretary only for the purpose of preparing minutes for adoption at the next regularly scheduled meeting of the Board. Upon adoption of these minutes the recording media will be reused;
- d) Ensure accurate Minutes of each Board meeting are prepared and maintained;
- e) Maintain Board records and other documents and reports as required by law; and
- f) Disseminate correspondence to Board officers addressed to them.

POLICY TITLE: Duties of the Board Secretary POLICY NUMBER: 4105

- 4105.1 The position of Secretary of the Board of Directors is required by state law. The Secretary, with assistance from the Board Clerk and District Manager, performs duties including recording of minutes and actions of the Board of Directors and certifying all actions and resolutions of the Board.
- 4105.2 If for any reason the Chair of the Board and Vice-Chair resign, are absent, or are disabled, the Secretary shall perform the Chair's duties until the position of Chair is filled.
- 4105.3 If for any reason the Chair and Vice-Chair disqualify themselves from participating in an agenda item or become partisan in the debate on any such item, the Secretary shall perform the duties of the presiding officer.

4105.4 Duties of the Secretary: The Secretary of the Board of Directors shall have the following duties:

- a) Certify or attest to actions taken by the Board when required;
- b) Sign the minutes of the Board meeting following their approval;
- c) Sign the documents as directed by the Board on behalf of the Authority, and sign all other items which require the signature of the Secretary;
- d) Perform any other duties assigned by the Board and the District Manager; and
- e) Perform any other duties required under law.

4105.5 Responsibilities of the Board Clerk:

The District Office Manager or their designee serve as Clerk of the Board of Directors. The responsibilities of the Board Clerk, with assistance of the District Manager, are:

- a) Respond to routine correspondence;
- b) Prepare for Board meetings, including preparing the agenda with the advice of the District Manager and providing public notice of Board meetings in accordance with state law;
- c) Attend all Board meetings and ensure minutes of the Board of Directors meetings are recorded. These recordings are for use by the Secretary only for the purpose of preparing minutes for adoption at the next regularly scheduled meeting of the Board. Upon adoption of these minutes the recording media will be reused;
- d) Ensure accurate Minutes of each Board meeting are prepared and maintained;
- e) Maintain Board records and other documents and reports as required by law; and
- f) Disseminate correspondence to Board officers addressed to them.

POLICY TITLE: Committees of the Board of Directors POLICY NUMBER: 4105

- 4105.1 Temporary Advisory Committees: The Chair of the Board shall appoint any such temporary advisory committees as may be deemed necessary or advisable by the Chair. The purpose of a temporary advisory committee and the time allowed to accomplish that purpose shall be outlined at the time of appointment. A temporary advisory committee shall be considered dissolved when its purpose has been accomplished or when the timeframe for its existence has expired, whichever occurs first.
 - 4105.1.1 A temporary advisory committee shall be comprised solely of members of the Board, and shall consist of less than a majority of Board Members.
 - 4105.1.2 A temporary advisory committee may make recommendations to the Board. The Board may not delegate any decision-making power to a temporary advisory committee.
 - 4105.1.3 A temporary advisory committee shall meet on an as needed basis and shall not have a meeting schedule fixed by charter, ordinance, resolution, or formal action of the Board.
- 4105.2 Standing Committees: The following shall be standing committees of the Board: Planning Committee; Policy Committee; Personnel Committee; Finance Committee; and Public Relations Committee. The Chair shall appoint and publicly announce the members of the standing committees for the ensuing year no later than the Board's regular meeting in January. Standing committees may be assigned to review District functions, activities, and operations pertaining to their designated concerns, as specified below. Said assignment may be made by the Chair, a majority vote of the Board, or on their own initiative. Any recommendations from standing committees shall be submitted to the Board via a written or oral report. All meetings of standing committees are subject to the requirements of all applicable open meeting laws, including but not limited to the Brown Act.
 - 4105.2.1 The Planning Committee shall be concerned with the formulation of plans for arranging, realizing, and/or achieving District goals.
 - 4105.2.2 The Policy Committee shall be concerned with proposed ordinances, resolutions, and District policies, except those pertaining specifically to personnel.
 - 4105.2.3 The Personnel Committee shall be concerned with the functions, activities, operations, compensation, and welfare of District staff.
 - 4105.2.4 The Finance Committee shall be concerned with the financial management of the District, including the preparation of an annual budget and major expenditures.
 - 4105.2.5 The Public Relations Committee shall be concerned with assuring that information regarding the affairs of the District is adequately and appropriately communicated to its constituents and the public at large.

POLICY TITLE: Committees of the Board of Directors POLICY NUMBER: 4120

- 4120.1 Temporary Advisory Committees: The Chair of the Board shall appoint any such temporary advisory committees as may be deemed necessary or advisable by the Chair. The purpose of a temporary advisory committee and the time allowed to accomplish that purpose shall be outlined at the time of appointment. A temporary advisory committee shall be considered dissolved when its purpose has been accomplished or when the timeframe for its existence has expired, whichever occurs first.
 - **4120**.1.1 A temporary advisory committee shall be comprised solely of members of the Board, and shall consist of less than a majority of Board Members.
 - **4120**.1.2 A temporary advisory committee may make recommendations to the Board. The Board may not delegate any decision-making power to a temporary advisory committee.
 - 4120.1.3 A temporary advisory committee shall meet on an as needed basis and shall not have a meeting schedule fixed by charter, ordinance, resolution, or formal action of the Board.
- 4120.2 Standing Committees: The following shall be standing committees of the Board: Planning Committee; Policy Committee; Personnel Committee; Finance Committee; and Public Relations Committee. The Chair shall appoint and publicly announce the members of the standing committees on an as needed basis. Standing committees may be assigned to review District functions, activities, and operations pertaining to their designated concerns, as specified below. Said assignment may be made by the Chair, a majority vote of the Board, or on their own initiative. Any recommendations from standing committees shall be submitted to the Board via a written or oral report. All meetings of standing committees are subject to the requirements of all applicable open meeting laws, including but not limited to the Brown Act.
 - **4120**.2.1 The Planning Committee shall be concerned with the formulation of plans for arranging, realizing, and/or achieving District goals.
 - 4120.2.2 The Policy Committee shall be concerned with proposed ordinances, resolutions, and District policies, except those pertaining specifically to personnel.
 - **4120**.2.3 The Personnel Committee shall be concerned with the functions, activities, operations, compensation, and welfare of District staff.
 - 4120.2.4 The Finance Committee shall be concerned with the financial management of the District, including the preparation of an annual budget and major expenditures.
 - 4120.2.5 The Public Relations Committee shall be concerned with assuring that information regarding the affairs of the District is adequately and appropriately communicated to its constituents and the public at large.

PROJECT DESCRIPTION

Trinity County Resource Conservation District (The District) plans to implement fuels reduction activities in the form of hand thinning, hand piling, and roadside chipping on approximately 400 acres within a 1838-acre footprint associated with this project along Little Browns Creek Road and Tye Lane near the community of Weaverville in Trinity County, CA. Fuel Reduction treatments will be strategically implemented along roadsides and ridgetops and adjacent to habitable structures and critical infrastructure to protect the life and property of residents of Weaverville and Lewiston as well as to provide safe evacuation routes and ease of firefighter access and suppression efforts. The project area includes portions of many different private landowners within the WUI, as well as private timberlands and small portions of Bureau of Land Management land. Our objective is to treat approximately 400 acres over a 3-5 year period. Topography is moderate to steep (20%-70%) throughout much of the project area and elevations range from approximately 2200'-3600'.

The prescription includes hand thinning of small diameter (less than 10" DBH) conifers and shrubs that are adjacent to habitable structures, critical infrastructure, and/or roadways and driveways.Emphasis will be placed on eliminating the continuity of surface and ladder fuels. Cut materials will bucked and carried to the chipper whenever feasible and then chipped and broadcasted on site. Any remaining material that cannot be chipped will be lop-and-scattered or piled on site.

EXEMPTION STATUS

- ☑ Categorical Exemption Type/Section: Class 4 § 15304 Minor
- Alterations to Land
- \Box Statutory Exemption (state code section):
- ☐ Ministerial (§21080(b)(1); 15268)
- □ Declared Emergency (§21080(b)(3); 15269(a))
- □ Emergency Project (§21080(b)(4); 15269(b)(c))

REASONS PROJECT IS EXEMPT

It has been determined that no exceptions apply which would preclude the use of a Notice of Exemption for this project. This project is consistent with the requirements stated in Section 15304; Minor Alterations to land, and will have no significant environmental impacts to aesthetics, agriculture and forestland/timberland, air quality, biological resources, cultural resources, geology and soils, greenhouse gas emissions, hazards and hazardous materials, hydrology and water quality, land use planning, mineral resources, noise, population and housing, public services, recreation, transportation/traffic, or to utilities and service systems.

Environmental Review Report for an Exempt Project

Note: This report form is intended for use to document a limited environmental impact analysis supporting the filing of a notice of exemption document for a proposed project. Although the project appears to fit within the descriptions for allowable categorical exemptions, this report presents the project proponent's review for possible exceptions that would preclude finding the project to be categorically exempt as discussed in CEQA Guidelines Section 15300.2. This report will be filed with the CEQA administrative record for this project to document the environmental impact analysis conducted by the project proponent.

Project Description and Environmental Setting (describe the project activities, project site and its surroundings, its location, and the environmental setting):

This Environmental Review is for a fuel reduction project that is associated with the Trinity County Hazardous Fuels Reduction Project - Phase 2. Funding for this project is provided by the California Department of Forestry and Fire Protection (CAL FIRE) as part of the California Climate Investments (CCI) program.

The Trinity County Resource Conservation District (the District) plans to implement fuels reduction activities Little Browns Creek Road, Tye Road, Browns Mountain ridgetop, and surrounding areas near Weaverville, CA. This approximately 1800acre area comprises of multiple private ownerships as well as small areas of Bureau of Land Management land. This area is an integral part of the District's landscape fuel reduction strategy, aimed at protecting the communities of Weaverville and Lewiston from catastrophic wildfire events. The area is characterized by a mosaic of mixed conifer, oak woodland, chaparral, grassland, and riparian areas in a variety of conditions. These conditions range from nearly pure stands of oak and conifer to mixed stands of conifer, oak, shrubs, and grasses. Grassland areas consists of a combination of native and non-native grasses and forbs, including but not limited to; Wild rye (Elymus glaucus), Yellow star thistle (Centaurea solstitialis) and Medusahead (Taeniatherum caput-medusae). Invasive Himalayan blackberry (Rubus armeniacus) and Native California Blackberry (Rubus ursinus) is also found along portions of riparian zones. The forest is primarily oak woodland and conifer consisting of Oregon white oak (Quarcus garryana), California black oak (Quarcus kellogii), Canyon live oak (Quercus chrysolepis), Pacific madrone (Arbutus menziesii), Douglas-fir (Pseudotsuga menziesii), Incense cedar (Calocedrus decurrens), Ponderosa pine (Pinus ponderosa), Sugar pine (Pinus lambertiana), and Gray pine (Pinus sabiniana). Chaparral ecosystem type and/or associated species also occurs throughout portions of the project area. The chaparral species mainly include, but are not limited to, Wedgeleaf ceanothus (buckbrush) (Ceanothus cuneatus), Greenleaf manzanita (Arctostaphylos patula), and Whiteleaf manzanita (Arctostaphylos viscida). The chaparral ecosystem occurs, up to several acres or more and as small patches intermixed

Project - Environmental Review Report Form Supporting an Exempt Project

with oak woodland or mixed conifer forests. Riparian species such as Big leaf Maple (*Acer macrophyllum*), Red alder (*Alnus rubra*), and Pacific Yew (*Taxus brevifolia*) are present along perennial streams in the project area. Ephemeral and intermittent streams within these watersheds are also within the project area that could potentially have the riparian species listed above.

Using CAL FIRE Fire Prevention Grant funds, the District plans to implement manual thinning, hand piling, and chipping treatments on approximately 400 acres within the 1800-acre footprint (see figure 1). The primary goal of this project is to return overstocked forests to a healthier and less hazardous state along strategic roadsides and ridgetops in this WUI area. Our objectives include; reducing the risk of catastrophic wildfire, stimulating the growth of woody shrubs, oaks, and conifers, increasing water yields, encouraging the return of native grasses by reducing non-native invasive plants, and reducing conifer encroachment into the oak woodland and grassland areas. This will be accomplished using hand thinning and either chipping or piling as the primary fuels reduction methods. The prescription includes hand thinning of small diameter (less than 10" DBH) conifers and shrubs that are adjacent to habitable structures, critical infrastructure, and/or roadways and driveways. No trees greater than 10" DBH will be removed unless they pose a hazard to operations. Emphasis will be placed on eliminating the continuity of surface and ladder fuels. Some sub canopy trees may be removed to break up vertical continuity to dominant trees as well as to raise the canopy base height, which will reduce future fire intensity. In accessible areas, cut materials will bucked and carried to the chipper then chipped and broadcasted on site. Any remaining material that cannot be chipped will be lop-and-scattered on site. In other areas, cut materials will be piled. This project will help actively manage the land with no negative impacts, creating a landscape that is more resilient and resistant to high intensity wildfires.

Environmental Impact Analysis

Aesthetics

 \Box This topic does not apply to this project and was not evaluated further.

 \boxtimes This topic could apply to this project, and results of the assessment are provided below:

Impacts to visual resources would be particularly small in comparison to impacts that are associated with wildland fire and accompanying suppression impacts. The project is visible mainly to the nearby residential areas where treatments occur. Some treatments may be visible to the traveling public due to the location, topography, and the type of treatment, which entails hazardous fuel reduction and chipping. Overall, the aesthetic appeal of the areas should be improved through fuel reduction treatments and will result in negligible impacts to scenic quality and visual resources as it is a small area on the landscape.

Agriculture and Forest Resources

 \Box This topic does not apply to this project and was not evaluated further.

 \boxtimes Yes \square No Would any trees be felled? If yes, discuss protection of nesting birds, if necessary.

 \Box Yes \boxtimes No Would the project convert any prime or unique farmland?

□ Yes ⊠ No Would the project result in the conversion of forest land or timberland to non-forest use?

☑ This topic could apply to this project, and results of the assessment are provided below:

Thinning will only occur in the understory. Trees over 10 inches in DBH will not be removed unless they pose a threat to operations. Thinning shall not be conducted in the overstory stands.

Before any tree is felled it will be assessed for the presence of any nests. If any active nest is observed the tree will not be felled. No healthy, mature, scenic trees will be removed by this project pursuant to section 15304 of CEQA. No impacts to agriculture and forest reserves are expected.

Air Quality

 \boxtimes This topic does not apply to this project and was not evaluated further.

 \Box Yes \Box No The local Air Quality Management District guidelines for dust abatement and other air quality concerns were reviewed for this project.

 \Box This topic could apply to this project, and results of the assessment are provided below:

No long-term impact to air quality is expected.

Biological Resources

 \Box This topic does not apply to this project and was not evaluated further.

 \Box Yes \boxtimes No Will the project potentially effect biological resources?

⊠ Yes □ No Was a current California Natural Diversity Database review completed? Results discussed below:

□ Yes ⊠ No Was a biological survey of the project area completed? Results discussed below:

⊠ This topic could apply to this project, and results of the assessment are provided below:

Queries of the California Natural Diversity Data Base (CNDDB) were conducted in November 2022. The Weaverville 7.5'quad as well as the surrounding 8 quads were queried to determine the potential occurrence of threatened, endangered or rare species and species of special concern. The 9-quad search, centered on the Weaverville quad, generated a list of animal and plant species known or believed to exist within the search area. These species include; Northern Spotted Owl (*Strix occidentalis caurina*), Chinook Salmon (upper Klamath and Trinity rivers ESU, *Oncorhynchus tshawytscha* pop. 30), Indian Valley brodiaea (*Brodiaea rosea*), and bald eagle (*Haliaeetus leucocephalus*). All of these species are listed as threatened, endangered, or rare in California.

The 9 quad CNDDB query indicates the presence of ten California Rare Plant Rank (CRPR) 1B plant species: Oregon fireweed (*Epilobium oreganum*), serpentine rockcress (*Boechera sepenticola*), Shasta chaenactis (*Chaenactis suffrutescens*), Siskiyou fireweed (*Epilobium siskiyouense*), blushing wild buckwheat (*Erigonum ursinum var. erubescens*), Niles' harmonia (*Harmonia doris-nilesiae*), Heckner's lewisia (*Lesisia cotyledon var. heckneri*), Tracy's beardtongue (*Penstemon tracyi*), Canyon Creek stonecrop (*Sedum paradisum ssp. Paradisum*), and Klamath Mountain catchfly (*Silene salmonacea*). The microhabitat for all of these species includes rocky outcrops and serpentine soils. These will not be treated in project activities so no effect to these species are anticipated. Oregon fireweed additionally grows in bogs, which will not be treated in project activities of the project area.

For each species above, habitat attributes were identified and analyzed to determine the likelihood of their actual presence within the project area. Consideration was also given to the proposed project activities and the likelihood of any significant adverse impacts to any listed or non-listed species as a result of those activities. Bald eagles have not been observed within two miles of the project area and rely on large dominant trees for nesting, which will not be impacted by proposed fuels reduction activities. The proposed understory thinning will not remove potential nesting structure associated with nesting bird species.

Habitat for the species listed below are not present in areas that will receive treatment. Therefore, this project will have no significant adverse impacts to these species, and they were not considered further.

| Oregon fireweed | Serpentine rockcress | Shasta chaenactis |
|------------------------|-------------------------|---------------------------|
| Niles' harmonia | Blushing wild buckwheat | Siskiyou fireweed |
| Heckner's lewisia | Tracy's beardtongue | Canyon Creek stonecrop |
| Indian Valley Brodiaea | Bald Eagle | Klamath Mountain catchfly |

According to the CNDDB review, the following species have element occurrences within 1 mile of the project area and were evaluated further, these species include;

- Northern Spotted Owl (Strix occidentalis caurina)
- Chinook Salmon, upper Klamath and Trinity rivers ESU (Oncorhynchus tshawytscha pop. 30)

Northern Spotted Owl (Strix occidentalis caurina) *Threatened in CA

According to the CNDDB Spotted owl viewer, the nearest NSO activity center is located 0.29 miles to the southeast of the project area on private land, and it was last known to be active in 2000. An additional activity center is located 0.6 miles east of the project area on BLM land and was last known to be active in 2020. An activity center located 0.5 miles south of the project area on Sierra Pacific Industries land was last known to be active in 1998. There are no additional activity centers within one mile of the proposed project area. No suitable nesting and roosting or foraging habitat is found within the treatment areas. Treatments associated with this project focus only on small diameter trees and shrubs and will not reduce suitable habitat.

Project activities include noise from chainsaws and chippers. Protocol surveys for NSO have not been conducted in the project area, so this analysis assumes NSO may be present in any suitable habitats adjacent to the project areas. A limited operating period (LOP) of February 1 through July 31 will be applied in areas 0.25 miles from the known activity center, which will not

Project - Environmental Review Report Form Supporting an Exempt Project

impact the proposed project area. This measure applies to all activities that would result in loud and continuous noise (e.g., mechanized equipment use). This LOP meets the "no effect" standard for disturbance that has been established by the Yreka (CA) Office of the US Fish and Wildlife Office and supported by US Forest Service biologists.

Since proposed activities are limited to thinning of small diameter trees, effects to overstory in dispersal habitats are expected to be minimal or non-existent, and project activities are not expected to affect the ability for NSO to disperse throughout the project area.

This project will occur entirely on private lands which are excluded from designation as Critical Habitat for this species. Therefore, no NSO Critical Habitat will be affected.

No significant adverse impacts are expected for the Northern Spotted Owl as a result of project activities.

Chinook Salmon, upper Klamath and Trinity rivers ESU (Oncorhynchus tshawyscha pop. 30) *Endangered in CA

- General Habitat: the Trinity River from the Klamath to Lewiston Dam
- Major limiting factor is water temperature for juveniles

According to the CNDDB query spring-run Chinook Salmon have been observed in the Trinity River as close as 0.8 miles from the project area. This river will be completely avoided through the use of established roads and standard riparian exclusions. No treatments will occur in habitat associated with Chinook Salmon. No significant adverse impacts are expected for the Chinook Salmon as a result of project activities.

No impacts to Biological resources are expected.

Cultural Resources/Tribal Cultural Resources

 \boxtimes This topic does not apply to this project and was not evaluated further.

 \Box Yes \boxtimes No Was a current archaeological records check completed? Results discussed below:

□ Yes ⊠ No Was an archaeological survey of the project area completed? Results discussed below:

□ Yes ⊠ No Will the project effect any historic, archaeological or tribal cultural resources?

□ This topic could apply to this project, and results of the assessment are provided below:

Fuel reduction will be in the form of hand thinning small diameter trees and chipping the residual woody material. Material will be broadcasted back into the treated area. The chipper will be staged along roadways and the cut material will be bucked and carried to the chipper to avoid any type of ground disturbance. Fuel reduction activities associated with this project do not have the potential to affect cultural resources.

The proposed fuel reduction activities qualify as an exempt practice under CALFIRE ARP practice exemption #17 (pp.8-12). "Fire-Safe Projects: Treatment of vegetation surrounding communities to reduce the risk of catastrophic wildfires through thinning and/or removal of vegetation by crews using hand tools. To be exempt such projects must involve the chipping and removal of woody material or the chipping and scattering of woody material."

No impacts to cultural or tribal cultural resources are expected to result from the project.

Energy

 \boxtimes This topic does not apply to this project and was not evaluated further.

 \Box This topic could apply to this project, and results of the assessment are provided below:

This section does not apply to this project as the proposed treatments will not affect energy efficiency in any way. No energy will be produced or altered, the project will not result in any unnecessary energy consumption. No effect to energy is anticipated.

Geology and Soils

 $\hfill\square$ This topic does not apply to this project and was not evaluated further.

 \boxtimes This topic could apply to this project, and results of the assessment are provided below:

The proposed project should not result in significant adverse impacts to slope stability or soil productivity due to the following conditions and project parameters:

- The project area does not contain any known unstable areas.
- Only hand crews will be used for this project. Additionally, the entire overstory stand, and most of the understory stand will be retained.
- Heavy equipment shall not be utilized for this project.
- Project activities will occur outside of the wet winter period.

No impacts related to geology and soils is anticipated

Greenhouse Gas Emissions

 \Box This topic does not apply to this project and was not evaluated further.

- □ Yes ⊠ No Would the project generate significant greenhouse gas (GHG) emissions?
- □ Yes ⊠ No Would these GHG emissions result in a significant impact on the environment? Discuss below:

 \Box Yes \boxtimes No Would the project conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gasses? Discuss below:

The project area is approximately 1838 acres, but because treatments will occur on a small scale \leq 400 acres) over a 3-5 years period, treatments are not likely to produce significant Greenhouse gas (GHG) emissions which could result in adverse impacts on the environment. Also, project activities will be limited to a short time frame and will not result in a long-term increase in GHG emissions. GHG emissions will result from exhaust associated with the use of chainsaws and project vehicles. Removing understory vegetation will result in an initial reduction of carbon sequestration, however, scientific principles of the carbon cycle explain that, though CO2 is released initially through decay, it is then re-sequestered from the atmosphere as the project will enhance plants capacity to photosynthesize at a greater rate due to removal of surrounding competing vegetation. The improved growing conditions as a result of the proposed treatments should improve the residual stands' photosynthetic capacity, increase vigor in residual trees due to a reduction in competition, and result in an overall increase in carbon sequestration rate.

Furthermore, this project aims to restore the landscape to be fire resilient. This reduces the probability of catastrophic wildfire, protects habitable structures within the state responsibility area, and can increase the survival of overstory trees allowing them to continue to sequester carbon. The project also has the potential to reduce the substantial increase in short term emissions from wildfire and spread the emissions over a longer period of time while allowing sequestration to occur in the remaining vegetation; therefore, the proposed project should not create significant adverse impacts associated with increased GHG emissions.

Hazards and Hazardous Materials

 \Box This topic does not apply to this project and was not evaluated further.

 \boxtimes This topic could apply to this project, and results of the assessment are provided below:

Safety hazards could result during the operations phase through the use of chainsaws and chippers. All necessary precautions will be implemented to ensure personnel safety. These precautions include proper training and the use of personal protective equipment (PPE).

The only "hazardous materials" being utilized for this project are gasoline and bar oil. Equipment used on this project will not be serviced in locations where servicing will allow grease, oil, or fuel to pass into a watercourse. All containers shall be properly labeled and equipped with nozzles designed to prevent accidental spillage. No impacts due to hazardo or hazardous materials are anticipated.

Hydrology and Water Quality

 \Box This topic does not apply to this project and was not evaluated further.

 \Box Yes \boxtimes No Will the project potentially affect any watercourse or body of water?

☑ This topic could apply to this project, and results of the assessment are provided below:

Several class I perennial streams run through or adjacent to the project area: Last Chance Gulch, Little Browns Creek, Union Gulch, and Weaver Creek. In addition, there are many intermittent and ephemeral class II and III streams that run throughout portions of the project area. There are project design measures in place to protect these watercourses within the project area.

Project - Environmental Review Report Form Supporting an Exempt Project

Watercourses will be excluded from specific treatments including chipping, piling, and pile burning within established watercourse buffers. Manual treatment of ladder fuels and broadcast burning may take place within watercourse buffers, but no ignitions shall occur within watercourse buffers. Additionally, no operations shall occur within a 100-year floodplain.

For Class I watercourses, watercourse buffers will be 150'. For Class II watercourses, buffers widths will be 50' for side slopes <30% and 75' for side slopes 30% or greater. For Class III watercourses, buffer widths will be 25' for side slopes <30% and 50' for side slopes 30% or greater.

No impacts to hydrology and water quality is expected.

Land Use and Planning

 \boxtimes This topic does not apply to this project and was not evaluated further.

 \Box This topic could apply to this project, and results of the assessment are provided below:

This section does not apply as the project will not change or conflict with any land use plan, policy, or regulation. No effect is anticipated.

Mineral Resources

 \boxtimes This topic does not apply to this project and was not evaluated further.

 \Box This topic could apply to this project, and results of the assessment are provided below:

This section does not apply as there are no known mineral resources found within the treatment area, no effect is anticipated as a result of this project.

Noise

 \Box This topic does not apply to this project and was not evaluated further.

 \boxtimes This topic could apply to this project, and results of the assessment are provided below:

The use of mechanized equipment (chainsaws or chipper) will generate noise during fuel reduction activities. To reduce potential impacts created by noise, use of mechanized equipment shall only be conducted between ½ hour before sunrise and ½ hour after sunset. No impacts related to noise are anticipated

Population and Housing

☑ This topic does not apply to this project and was not evaluated further.

 \Box This topic could apply to this project, and results of the assessment are provided below:

This section does not apply as project components (fuel reduction/chipping) are not related to population and housing. There will be no effect.

Public Services

 \boxtimes This topic does not apply to this project and was not evaluated further.

□ This topic could apply to this project, and results of the assessment are provided below:

This section does not apply as project components will not impact or change any public services, or fire/police protection and their ability to respond and perform. No effect is anticipated.

Recreation

□ This topic does not apply to this project and was not evaluated further.

Project - Environmental Review Report Form Supporting an Exempt Project

⊠ This topic could apply to this project, and results of the assessment are provided below:

This majority of this project is occurring on private land with no public access easements. Public recreational use is not allowed on any private properties associated with this project. The small portions of the project on public land are on difficult-to-access ridgetops that are not used for recreation. No impact to recreation is anticipated.

Transportation and Traffic

□ This topic does not apply to this project and was not evaluated further.

⊠ This topic could apply to this project, and results of the assessment are provided below:

This project will generate an insignificant amount of road traffic from work crews and project management. This project will not generate road blockages or impede ingress or egress to or from the treatment areas.

Utilities and Service Systems

☑ This topic does not apply to this project and was not evaluated further.

 \Box This topic could apply to this project, and results of the assessment are provided below:

This section does not apply as there are no utility lines or service systems within the treatment areas, no effect is anticipated

Wildfire

 \Box This topic does not apply to this project and was not evaluated further.

⊠ This topic could apply to this project, and results of the assessment are provided below:

The project area is in the Wildland Urban Interface (WUI) of the community of Weaverville and is at high risk for wildfire. This area has hazardous fuel loading due to fire suppression and departure from the historical fire regime. Fire behavior could be extreme and threaten the lives and property of residents along Little Browns Creek and Tye Roads. The Browns Mountain ridgetop is also a strategic feature for fire suppression protecting the entire community of Weaverville. These types of fuel reduction projects will improve and maintain the lands resistance and resilience to wildfire disturbances. Hopefully through the reduction of surface and ladder fuels in the project area wildfire impacts will be reduced.

Changes Made to Avoid Environmental Impacts:

The implementation LOP for noise impacts to NSO will effectively avoid potential negative impacts associated with fuels reduction.

Watercourse buffers will be implemented to protect habitat values associated with creeks, springs, and other wet areas within the project area. For Class I watercourses, buffer widths will be 150'. For Class II watercourses, buffers widths will be 50' for side slopes <30% and 75' for side slopes 30% or greater. For Class III watercourses, buffer widths will be 25' for side slopes <30% and 50' for side slopes 30% or greater. This will also avoid any impacts to foothill yellow-legged frog. Further, outside of LOP's associated with NSO, the use of mechanized equipment (chain saws and chippers) will only be conducted during the hours of 0800 - 1700 Monday – Friday, as a means to avoid impacts to the community resulting from noise.

Mandatory Findings of Significance: YES NO (a) Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory? Image: Community of the environment, substantially reduce the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory? Image: Community of Community of California history or prehistory or prehistory or prehistory or prehistory or preject have impacts that are individually limited, but cumulatively considerable? "Cumulatively considerable? "Cumulatively considerable? "Cumulatively considerable? "Cumulatively future projects, the effects of other current projects, and the effects of probably future projects. Image: Community of the effects of probably future projects.

| either directly or indirectly? | |

8

Justification for Use of a Categorical Exemption (discuss why the project is exempt, cite exemption number(s), and describe how the project fits the class): The proposed project qualifies for a Categorical Exemption under CEQA Guidelines Section 15304. Pursuant to Section 15304, Class 4 consists of minor private alterations of vegetation which do not involve removal of healthy, mature, scenic trees. The project involves removal of small diameter understory trees and brush species to reduce the vertical and horizontal continuity of forest fuels. The trees being removed are in a suppressed state and are not considered healthy.

Field review by District staff confirmed that no exceptions apply which would preclude the use of a Notice of Exemption for this project. The project consists of minor treatments to land and vegetation in the form of hand thinning and understory broadcast burning via hand crews. The activities do not result in the taking of endangered, rare, or threatened plant or animal species, or sedimentation to surface waters. This project will not convert forestland to non-forest uses, and all treated vegetation will have the ability to grow back. The District has concluded that no significant environmental impact would occur to aesthetics, agriculture and forestland/timberland, air quality, biological resources, cultural resources, geology and soils, greenhouse gas emissions, hazards and hazardous materials, hydrology and water quality, land use planning, mineral resources, noise, population and housing, public services, recreation, transportation/traffic, utilities and service systems, or to wildfire.

Conclusion:

After assessing potential environmental impacts and evaluating the description for the various classes of categorical exemptions to CEQA, the project proponent has determined that the project fits within one or more of the exemption classes and no exceptions exist at the project site which would preclude the use of this exemption. The project proponent considered the possibility of (a) sensitive location, (b) cumulative impact, (c) significant impact due to unusual circumstances, (d) impacts to scenic highways, (e) activities within a hazardous waste site, and (f) significant adverse change to the significance of a historical resource. A notice of exemption will be filed.

 \Box After assessing potential environmental impacts and evaluating the description for the various classes of categorical exemptions to CEQA, the project proponent has determined that the project does not fit within the description for the various exemption classes or has found that exceptions exist at the project site that precludes the use of a categorical exemption for this project. Additional environmental review will be conducted and the appropriate CEQA document used may be a negative declaration or a mitigated negative declaration.

Ms. Joan Caldwell Fiscal Manager Trinity County Resource Conservation District P.O. Box 1450 Weaverville, CA 96093

Dear Ms. Caldwell:

We understand the importance of price in the decision you are now making, and have based our fee on our best estimates of time and out-of-pocket expenses. Our estimate assumes that Trinity County Resource Conservation District's personnel will provide us with all information we request in our Client Participation List, in the format requested, and send it to us 30 days prior to scheduling the audit field work. If you have insufficient personnel or time to prepare these items, we can assist you in this area and we will discuss with you the additional time required and estimated fee for these services.

We believe that our proposal fee of \$17,000 is both reasonable and fair. We are prepared to discuss it further with you should you have any concern in this area. As our client, the District would have reasonable access to the Auditors for technical questions related to the audit process that may come up during the year, and these occasional services are included in the proposed fee structure. If the questions are outside the scope of the audit, and they require a significant amount of time, the time would be billed at our standard hourly billing rates (after client approval of the additional work).

Sincerely,

F. J Put la

R. J. Ricciardi, Inc. Certified Public Accountants

R. J. RICCIARDI, INC. CERTIFIED PUBLIC ACCOUNTANTS

December 8, 2021

Ms. Joan Caldwell Fiscal Manager Trinity County Resource Conservation District P.O. Box 1450 Weaverville, CA 96093

Dear Ms. Caldwell:

We are pleased to confirm our understanding of the services we are to provide Trinity County Resource Conservation District for the year ended June 30, 2021. We will audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, including the notes to the financial statements, which collectively comprise the basic financial statements, of the Trinity County Resource Conservation District as of and for the year ended June 30, 2021. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), and the statement of revenues, expenditures and changes in fund balance - budget and actual - for the General Fund, to supplement Trinity County Resource Conservation District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Trinity County Resource Conservation District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1. Management's Discussion and Analysis.
- 2. Statements of Revenues, Expenditures and Changes in Fund Balance Budget and Actual for the General and Major Special Revenue Funds.
- 3. Proportionate Share of Net Pension Liability (Asset).
- 4. Schedule of Contributions.

We have also been engaged to report on supplementary information other than RSI that accompanies the Trinity County Resource Conservation District's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

1. Schedule of Expenditures of Federal Awards.

Audit Objectives

The objective of our audit is the expression of opinions as to whether your basic financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on—

- Internal control over financial reporting and compliance with the provisions of applicable laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions. We will issue written reports upon completion of our Single Audit. Our reports will be addressed to the Board of Directors of Trinity County Resource Conservation District. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or we may withdraw from this engagement.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, an unavoidable risk exists that some material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for the Single Audit. Our responsibility as auditors, is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements, schedule of expenditures of federal awards, federal award programs, compliance with laws, regulations, contracts, and grant agreements, and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Trinity County Resource Conservation District's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the OMB Compliance Supplement for the types of compliance requirements that could have a direct and material effect on each of Trinity County Resource Conservation District's major programs. For federal programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to the compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on Trinity County Resource Conservation District's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Other Services

We will also assist in preparing the financial statements, schedule of expenditures of federal awards, and related notes of Trinity County Resource Conservation District in conformity with U.S. generally accepted accounting principles and the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under

Government Auditing Standards and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services as previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Management Responsibilities

Management is responsible for (1) designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including internal controls over federal awards, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards, and all accompanying information in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements. Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, , including identification of all related parties and all related-party relationships and transactions, (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants. Management is also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements that we report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and prepare a summary schedule of prior audit findings and a separate corrective action plan. The summary schedule of prior audit findings should be available for our review 30 days prior to the start of fieldwork.

You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in conformity with the Uniform Guidance. You agree to include our report on the schedule of

expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is stated fairly in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

You agree to assume all management responsibilities relating to the financial statements, schedule of expenditures of federal awards, and related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, schedule of expenditures of federal awards, and related notes and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash, accounts receivable, and other confirmations we request and will locate any documents selected by us for testing. Further, we understand that your employees will prepare all information we request in our Client Participation List in the format requested and send it to us 30 days prior to scheduling the audit field work. If you have insufficient personnel or time to prepare these items, we can assist you in this area and we will discuss with you the additional time required and estimated fee for these services.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditor's reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse.

We will coordinate with you the electronic submission and certification. The Data Collection Form and the reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditor's reports or nine months after the end of the audit period.

We will provide copies of our reports to the Trinity County Resource Conservation District; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of R. J. Ricciardi, Inc. and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purpose of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of R. J. Ricciardi, Inc. personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. The parties may intend or decide to distribute the copies or information contained therein to others, including other government agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Michael O'Connor is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them.

Our fee for these services will be at our standard hourly rates plus out-of-pocket costs (such as report reproduction, word processing, postage, travel, copies, telephone, etc.) except that we agree that our estimated fee, including expenses, will be \$17,000 for the audit, including the single audit of one major program. If there is more than one major program related to the single audit, there is a \$5,000 fee for each additional major program to be audited. Our standard hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes thirty days or more overdue and may not be resumed until your account is paid in full.

If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit.

If additional time is needed for us to assist the Trinity County Resource Conservation District in the resolution or investigation of accounting errors, discrepancies, or reconciliation issues, assistance in the preparation of schedules, or to reflect in our workpapers corrections to the Trinity County Resource Conservation District's accounting records made after the start of the engagement, we will perform such additional work at our standard hourly rates indicated below:

CEO Director \$200 Manager/Reviewer \$130-150 Staff accountant \$70-95 Director \$180 Senior accountant \$100-125 Administrative \$60

You may request that we perform additional services not addressed in this engagement letter. If this occurs, we will communicate with you the scope of the additional services and the estimated fees. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting such additional services, our services will continue to be governed by the terms of this engagement letter.

In addition to the estimated fees noted above, we reserve the right to invoice Trinity County Resource Conservation District at our standard hourly rates time incurred providing information to successor auditors in compliance with AU Sec. 315 Our invoices and related fees for this service will be payable upon presentation.

We reserve the right to suspend or terminate our work if you have failed to fulfill your responsibilities set forth in this engagement letter, and such failure materially interferes with our work. If our work is suspended or terminated because of your failure to fulfill your responsibilities set forth in this engagement letter, you agree that we will not be responsible for your failure to meet government and other deadlines, for any penalties or interest that may be assessed against you resulting from your failure to meet such deadlines, and for any damages (including consequential damages) incurred as a result of the suspension or termination of our work.

We appreciate the opportunity to be of service to Trinity County Resource Conservation District, and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,

R.J. Ricciardi, Inc.

December 27, 2022

Ms. Joan Caldwell Fiscal Manager Trinity County Resource Conservation District P.O. Box 1450 Weaverville, CA 96093

Dear Ms. Caldwell:

We understand the importance of price in the decision you are now making, and have based our fee on our best estimates of time and out-of-pocket expenses. Our estimate assumes that Trinity County Resource Conservation District's personnel will provide us with all information we request in our Client Participation List, in the format requested, and send it to us 30 days prior to scheduling the audit field work. If you have insufficient personnel or time to prepare these items, we can assist you in this area and we will discuss with you the additional time required and estimated fee for these services.

We believe that our proposal fee of \$28,965 is both reasonable and fair. We are prepared to discuss it further with you should you have any concern in this area. As our client, the District would have reasonable access to the Auditors for technical questions related to the audit process that may come up during the year, and these occasional services are included in the proposed fee structure. If the questions are outside the scope of the audit, and they require a significant amount of time, the time would be billed at our standard hourly billing rates (after client approval of the additional work).

Sincerely,

O Connor & Company

O'Connor & Company
