

Volunteers Needed at the 11th Annual Trinity County

Plant and Seed Exchange

FREE Community Event

**Bring Plants, Seeds, and Starts
to Share, Trade, or Give Away**

If you're new to gardening, you don't have to bring anything. In the years to come, we hope you'll pay it forward. Take what you like, but keep the community in mind.

Volunteers needed. You can work in the craft shed with children, help set up before opening, help take down, etc.

While starting seeds this spring, please consider starting some to share at the exchange.
